D.C. al Fine

1) Rhythmic flag one note earlier in orig.

Just when I think my misfortunes  
might be about to end,  
they start in again.

If Fortune, out of pity,  
ordains some happiness for me,  
Misfortune screws it up,  
which has a more powerful effect on me.

Nothing ever crosses my path,  
that might be harmful to me,  
without starting in again.
